## Contacting Public Officials

We encourage you to stay as informed as possible and to take an active role in participating in the actions of your government. A great way to make your voice heard is to call or write your representatives when you feel it is necessary. When doing so, however, it is useful to keep in mind the following tips:

**Be Brief** – One issue per letter is best

**Be Courteous** – Abusive language or tone will not help your case

**Be Specific** – Name the bill (e.g. “HB 1212”) or the particular issue about which you are concerned

**Be Original** – Officials are usually leery of 1,000 letters that are identical

**Be on Target** – Write to the right person

**Be Realistic** – Your public officials live in a world of compromise

**Be Available** – Be sure to include your full name and address so that your official can respond to your letter

**Be Early** – It is best to write **before** legislation is drafted or budgets are proposed

The League of Women Voters is a non-profit organization supported by member dues and by non-member contributions.
